HPE PRIMERA 600 STORAGE

Primera Storage

WHAT'S NEW

- Designed for the NVMe era, HPE Primera All Flash support SAS and NVMe SSD, providing you investment protection, flexibility and choice to power your tier-0 applications.
- Integrated with HPE Synergy and HPE Composable Rack, HPE Primera delivers a dynamic, fluid set of resources that you can automate and dynamically allocate in real-

OVERVIEW

Are you bringing new mission-critical apps online while still supporting existing ones that are needed to accelerate your business through innovation?

Is your traditional high-end storage holding you back because you are tied down administering, tuning, and supporting infrastructure?

HPE Primera redefines what's possible in mission-critical storage

time, using a common API.

- Workloads like video surveillance drive the need for scalable, and dense data storage platforms. With the introduction of 8 TB LFF drive support, HPE Primera delivers both and 100% data availability.

- With enhanced replication over Fibre Channel (FC) and replication over Internet Protocol (IP), you now have the flexibility of choosing the storage protocol that best fits your DR/BC needs.

- Flat support for HPE Primera gives you: Peace of mind for budgeting and planning and more predictability to ensure you receive the same great support year after year at the same price as Day 1.

by delivering the agility of the cloud while raising the bar on resiliency and performance. Built upon proven resiliency and powered by HPE InfoSight, HPE Primera delivers instant access to data with storage that sets up in minutes, upgrades transparently, and is delivered as a service. Ensure always fast and always on storage for all mission-critical apps, backed by a 100% Availability Guarantee [1].

FEATURES

Achieve an On-demand Storage Experience

Deploy, manage, and scale your storage in 93% less time [2] with a platform that sets up in minutes, tunes itself, and upgrades transparently without hassle.

Consume storage on your terms. With HPE Greenlake, HPE Primera grows with your business needs and gives IT instant gratification with elastic consumption and scale delivered as-a-service.

Get a Timeless ownership experience that keeps getting better overtime. Say goodbye to forklift upgrades and hidden costs with all-inclusive licensing, non-disruptive controller upgrades, efficiency and up-time guarantees, and flexible consumption options to suit your needs.

Prevent Disruptions with App-aware Resiliency

Raise the bar on mission-critical reliability. HPE Primera comes standard with a 100% data availability guarantee, without requiring special contracts or onerous terms.

See beyond the walls of storage. More than 90% of issues arise from above the storage layer [3] – in the network, server and virtualization layer. HPE Primera sees beyond storage with HPE InfoSight to predict and prevent any disruptions in the networking, application and server layers.

Defend against storage and site failure with transparent business continuity and extend app-aware data protection to the cloud.

Consolidate Without the Risk

Ensure your traditional and modern mission critical apps are always fast, even at scale thru an all-active architecture built for Storage Class Memory and NVMe.

Get visibility for optimizing application workload placement while accounting for application performance characteristics and interactions with other shared applications on an HPE Primera system.

Eliminate the guesswork with real-time analytics to maintain predictable performance. AI models trained in the cloud are now embedded in the array for real-time analytics to ensure consistent performance for application workloads.

Enterprise Storage Ownership Transformed

Freedom from hidden costs such as nickel & dime licensing! Enterprise software features including replication, native data protection via snapshots and data reduction are included in the base Primera OS. Only Encryption enablement for $1* requires a license providing you a transparent and low TCO.

Designed for mission-critical applications, HPE Primera compaction technologies are inline for peak efficiency without performance penalties. If you're not satisfied with the storage efficiency for your workloads on your new HPE Primera system, we will work harder to meet your storage expectations.

It's time to say goodbye to disruption due to unexpected downtime. The 100% Availability Guarantee is a standard benefit of being an HPE Primera customer with the standard HPE Proactive Care or higher support contract. It is a cost-nothing guarantee for a qualified outage. [1]

Try HPE Primera for 30 days at no risk. We believe that once you experience HPE Primera, you'll become a satisfied customer for life. If you aren't completely satisfied with the benefits and capabilities of HPE Primera as outlined in our product specs, we will work with you to make things right. [5]

Technical specifications   HPE Primera 600 Storage

Capacity	HPE Primera A630: 250 TiB (SSD only) HPE Primera A650: 800 TiB (SSD only) HPE Primera A670: 1600 TiB (SSD only) HPE Primera C630: 250TiB (SSD only) / 750TiB (HDD and SSD)* [4] HPE Primera C650*: 800TiB (SSD only) / 2000TiB (HDD and SSD)* [4] HPE Primera C670*: 1600TiB (SSD only) / 4000TiB (HDD and SSD)* [4]

Warranty	3/0/0 (3-years parts-only) 5/0/0 (for SSDs)

HPE POINTNEXT

Access expertise at every step of your IT journey with HPE Pointnext Services. Advisory Services focuses on your business outcomes and goals, to design your transformation and build a roadmap tuned to your unique challenges. Our Professional and Operational Services help speed up time-to-production and keep your IT stable and reliable.

Operational Services from HPE Pointnext Services

- **HPE Datacenter Care** helps modernize and simplify IT operations. Partner with an assigned account team, access technical expertise, an enhanced call experience gives you priority access, choose hardware and software support, implement proactive monitoring to help stay ahead of issues, and access HPE IT best practices and IP.

- **HPE Proactive Care** offers an enhanced call experience and helps reduce problems with personalized proactive reports and advice. This also includes collaborative software support for Independent Software Vendors (ISVs), (Red Hat, VMWare, Microsoft, etc.). Read more

- **HPE Foundation Care** helps when there is a problem and has a choice of response levels. Collaborative software support is included and provides troubleshooting help for ISVs running on your server. Read more.

Other related services

Defective Media Retention is optional and applies only to Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

HPE Service Credits offers a menu of technical services, access additional resources, and specialist skills.

HPE Education Services provides comprehensive training designed to expand the skills of your IT staff and keep them up to speed with the latest technologies.

Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.
HPE GREENLAKE

HPE Greenlake is HPE's market-leading IT as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model. HPE GreenLake delivers public cloud services and infrastructure for workloads on premises, fully managed in a pay per use model.
